1 – Relator

- a) I enjoy working hard with friends to achieve a goal.
- b) My straightforward style may convince others I am honest, dependable, and reliable.
- c) I can help people grasp elaborate or complicated ideas, processes, theories, or rules.
- d) I maintain an optimistic outlook on life.

2 – Ideation

- a) I am fascinated by ideas and can find connections between seemingly disparate phenomena.
- b) Life and work is more exciting when people ask me to think up novel assignments, activities, or campaigns.
- c) I rely on reason to reduce things to their simplest parts.

3 – Self-Assurance

- a) I rely on my inner compass to have confidence that my decisions are correct.
- b) I love talking about large-scale concepts, opinions, or theories.
- c) I enjoy the rush of adrenalin that accompanies risky deeds or decisions.

4 – Analytical

- a) I tend to think about all the factors that might affect a situation.
- b) I rely on credible facts or objective data when you are faced with a difficult choice.

5 – Futuristic

- a) I am inspired by the future and what could be and hope to inspire others with my vision of the future.
- b) I sharpen my ideas about the future by spending time with possibility thinkers.
- c) I gain a certain degree of satisfaction from envisioning what the world might be like in the coming months, years, or decades.

A screenshot of the "100,000 BUCKEYES For A Cure" website. The header features the text "100,000 BUCKEYES For A Cure" with a large number of small buckeye icons. Below the header is a navigation menu with links like "Home", "Participants", "About", "FAQ", "Checkout", and "Contact Us". The main content area features a large image of a red Ohio State Buckeyes logo filled with many small buckeyes. Text at the bottom of the page reads "'100,000 Buckeyes for a Cure' began with the vision of constructing the world's largest buckeye necklace while raising money and awareness for the Stefanie Spielman Fund for Breast Cancer Research. Click here to learn more about the program." On the right side, there is a sidebar with a "Stefanie Spielman FUND FOR BREAST CANCER RESEARCH" section, a "Buy A Buckeye" section with a "Buy Now" button, and a "Buckeye Basket" section.

Core Leadership Pillars:

Building Trust & Proactive Leadership

Building Trust:

- **Career Development:** Demonstrate a commitment to each team member's career growth, not just project objectives.
- **Being Present in Challenges:** Stand alongside the team during difficult times, showing solidarity and support.
- **Empower and protecting the Team:** Enable team members to make decisions and advocate for them when challenges arise.
- **Recognition & Promotion:** Utilize emotional intelligence to recognize and promote their work in ways that resonate personally and professionally.
- **Driving Accountability:** Foster a sense of responsibility within the team, aligning individual contributions with team goals.
- **Vision and Goals Alignment:** Collaboratively build the team's vision and goals, ensuring a clear understanding of the 'why' behind tasks and objectives.

Proactive Leadership:

- **Collaborative Dependency Management:** Foster collaboration across organizational boundaries to preemptively address and remove potential blockers.
Build and leverage your network of colleagues to ensure when dependencies arise, strong relationships facilitate rapid and effective solutions.
- **Fostering Adaptability:** Cultivate flexibility in yourself and the team to swiftly respond to change and unexpected challenges.
- **Emotional Intelligence:** Develop and encourage emotional intelligence across the team to enhance interpersonal relationships and team cohesion.
- **Transparency with Stakeholders:** Maintain open lines of communication with stakeholders, preemptively sharing updates and exploring improvements in processes.
- **Cultivating a Learning and Feedback Culture:** Encourage ongoing learning and professional development. Establish mechanisms for continuous, constructive feedback.

I believe in the power of user empathy; by deeply understanding user needs, we can craft the next wave of innovative solutions.
